DONATION DESCRIPTION:

VALUE OF DONATION:

Mercy Gate Ministries is a 501(c)(3) organization based out of Kerr County committed to the rescue and restoration of women who have been sex-trafficked and sexually exploited. Demonstrating the life-changing gospel of Jesus Christ to those affected by human trafficking and sexual exploitation, Mercy Gate Ministries meets sexual exploitation victims exactly as they are, infusing them with renewed hope and restored dignity.

Supported by a group of professionals, community leaders, and survivors, Mercy Gate serves as a second responder by working with more than 50 local and statewide agencies, including law enforcement, substance abuse treatment facilities, and the judicial courts to care for victims of sex trafficking. This year we have handled 55 crisis cases and responded to 91 inmate requests. We have welcomed 20 women into Magdalene House, one of less than a dozen shelters in Texas dedicated to helping women victims of sex trafficking and sexual exploitation, and the only one serving the Texas Hill Country. In addition, we have served 27 women in our non-residential program. Mercy Gate is a lead advocate for these women by training 2477 professionals and reaching more than 8,500 individuals through public awareness presentations, special events, customized training, and high school/college presentations. We continue to bring widespread attention to sex trafficking and abuse through media coverage in print, television, radio, social media, local podcasts, and blogs.

Our Immediate Needs

Mercy Gate's mission is to provide a safe and nurturing sanctuary for women who have been sexually exploited and to walk alongside them through their journey to restoration. Women come to us homeless; we give them a home and a sisterhood to support them.

In doing this, Mercy Gate has seen tremendous growth in the past twelve months. Our FYE 2023 budget reflects a 78% increase over FYE 2022 and a 178% increase over 2021. We have added additional staff and acquired a second property that was opened in February to allow us to triple the capacity of our residential program. This property now houses an additional 12-bed shelter, our administrative offices, meeting spaces, a commercial kitchen, and a multi-purpose room for group gatherings and family activities.

All net proceeds from this event will be used to maintain our two shelters as well as support the continuation and expansion of our programs in 2023. With your generous support, we can build on our most significant success, which is to transform the lives of the women we have touched, and the ripple effect that transformation will have on those we have yet to save.
